Circular 7/2014

VII ORA:NEW

December 31, 2014

Comrades

Wish you all Happy New Year 2015

Yet another new year is at the dawn and we all are eagerly awaiting to welcome the new year with Hopes.

The year that is going to pass by is full of events at International level, National Level , at Banking Industry Level and at our Organisational level.

International community is hoping for a new year which shall be terrorism free. The international community is also on hopes for revival of the economic situation.

India witnessed a Change in the Government at the Centre in the year 2014 with a slogan "ACHA DIN AEYAGA". Common man hopes & expects that AACHA DIN may come atleast now in this NEW year. More and more Yojanas are being announced and more and more slogans are pronounced. And the common man hopes that the yojanas and the slogans to become reality in this new year. Clean Bharat is the slogan and we from our organisation request our beloved Prime Minister Clean Politics and Clean administration in this new year.

The much awaited and vexed issue of the Wage Revision for Bank employees and Officers shall become a reality in the new year on the lines of the expectation of work force. As for as Officers under our apex banner of AIBOA are concerned, Regulated Working hours, 5 days Banking, and improvement in D & A Regulations brooks no delay. Our organisation in this new year shall go along with AIBOA to achieve these important demands.

Our beloved institution has plans to reach to 8 lac crores of business by March 2015. The entire work force in our Bank shall march forward to achieve the Goal set by our Institution. Our Bank is progressing well in terms of business and continue to be the strongest amongst the peer

banks. However there are concerns for all of us in terms of the quality of advances and the price of the advances. Year 2015 is enhancing the hope the overall development of our Bank.

We from CBOU advise all our members that the realistic target of the Bank will be our priority. Comrades in this year too more and more young Officers are going to Join our great Institution. CBOU is seized of the issues of the new entrants and Junior Officers. It is taking up the matter with Head Office for solution. It is our duty to ensure that these youngsters are channalised to CBOU. Our Office Bearers, CC Members and active Comrade shall work round the clock in the year 2015 to strengthen our organisation. The Officers community looks to our organisation as the alternative, and they pin hopes on AIBOA and CBOU for better service conditions.

That way year 2015 raises hopes for all sections of the community and we from CBOU extend a warm and happy new year to all our colleagues and comrades.

Accordingly CBOU Welcomes the new year 2015 as the year of

**"Postive Hopes For One And All ,
Growth With Development Of Bank
And
Better Service Conditions
For The New Entrants"**

With greetings

M A SRINIVASAN
GENERAL SECRETARY
